Chicago Woman Makes Address at Sunday School Institute on "The Study of Beginners" that is Popular.

That every child, no matter how humble, should be cared for spiritually, was urged by Dr. Edgar Blake at the Friday aftersession of the Methodist Sunday School institute. His subject was "Building Bigger Schools."

"I can conceive of no greater hypocrisy greater crime, than to shut the door of the Sunday school in the face of the humblest child of our land. A woman once said to me when speaking of the admission of neglected children to the Sunday schools, 'I am sorry to say that ! such children are . not welcome in our school.' FURTHER STAND FOR STATEHOOD

Takes it for Granted that Territories Will Be Admitted to Union-Addresses Red Men and Gives Them Advice.

ALBUQUERQUE, N. M., Oct. 15 .- President Taft had another day of travel through the far southwest today, and, traversing the long reaches of the territory of New Mexico had a glimpse of some of the most ancient adobes in America, leaving the train at one time to go into the plaza of a pueblo to witness an Indian dance especially arranged.

The color of the southwest tinted his

reception at all the various stops along the way. Arriving here at 5 o'clock the president was greeted by one of the largest audiences of his territorial trip of the last NEBRASKA'S CHANCES BRIGHTER three days and aroused intense enthusiasm by a repetition of the declarations he made in Arizona that he favored statehood for the two remaining territories of the United States and would do all in his power to see that the long deferred hopes of the people of Arizona and New Mexico are gratified.

The president spoke from a platform near the railroad station and was later entertained at a banquet at the Alvarado hotel by the Commercial club. Following the banquet the president

stopped half an hour at the Monteguma ball, an annual function rivaling the Mardi 13 Gras It was at Laguana, a township made up

entirely of Indians, that the president was met by a local committee of Indiana and where he had one of the most unique entertainments of his trip
